

A Women-Owned Technology Integrator.

We design and deliver secure, efficient, and scalable data center, AI, and HPC solutions.

ABOUT NEUVYS

Neuvys ("NOO-vis") is a certified women-owned technology integrator headquartered in Oakland, California.

We design and deploy secure, efficient, and scalable data center, AI, and HPC solutions that help customers modernize infrastructure, streamline workflows, and accelerate research, innovation, and business outcomes.

We also help organizations reduce overall infrastructure costs through our strong OEM partnerships, strategic procurement capabilities, and deep technical expertise.
